

## This Week's News

March 12 – 16

This week we will be learning about the color green and -  
St. Patrick's Day!

Our projects this week include making a hopping frog and "Shamrock people"

We'll be talking about all colors, in addition to green, as we discuss rainbows and the "pot of gold" at the end.

Children will get to see yellow turn to green as they make their own snack with Jeri – Shamrock pudding!

Children will be going on a shamrock hunt, which may take us throughout the building – possibly *your* office, so be ready.....

Babies will be included in all activities as much as possible. They will continue to have tummy time to play with toys, as well as one on one time to encourage "talking".

Children will again be looking out the window to check on the weather conditions. We'll let you know if we see any storms coming using our new binoculars we made last week.

We'll learn a new rhyming song and continue to learn **our** other songs from last week and hopefully a few new stories.

Have a great week!
