

This Month's News

Well September flew right by and we didn't get to do as much of our art projects as we would have liked. We will do some new activities this month, as well as finish the ones left over from last month.

The children will be painting pumpkins, making leaf placemats and cup coasters, coloring squirrels to place on our windows, and maybe decorate our room with some spiders! 

We'll also do some apple print painting and hopefully get to make some applesauce (which we missed from last month!)

Exploration activities may include cutting open a pumpkin to see and feel what's inside (even the babies!) Plus there will most likely be a lot of pumpkin snacks for all the children to try....

Songs for October are Johnny Appleseed and the Fall Song, and stories will include Inside a Barn in the Country and Caps, Hats, Sock, and Mittens. 

The children love outside, so we plan to take them to Eplegaarden Apple Orchard and Eugster's petting zoo sometime during the month. We will let you know ahead of time when this is going to occur.

**Please remember to bring appropriate dress or an extra blanket if you want your child to go outside. We will be going out as much as possible with the nice fall weather and our new playground. Come join us any time!
