

This Month's News

We have lots of exciting news this month! First of all: A Happy SECOND birthday to Dash on Feb. 22! Time sure does fly...

In the Little Bunnies group there are lots of new developments. Ashlynn and Trinity are almost rolling over – all by themselves! We never know what position we'll find them in because they keep rolling and moving around so much! Trevor is now starting to pull himself up when you hold onto his hands and Gretta is now sitting up on her own. They all love LOTS of attention and we appreciate all the visits from moms and dads.

The Parrots are always on the go. Natalie is saying new words everyday and she likes to repeat what adults say too! Bella has learned to walk and both girls love to be chased! They love to laugh and everything is new and exciting to them.

This month the Little Roos will have many things to discuss. Valentines Day of course, dinosaurs, proper nutrition, and how to take care of our teeth! We will have lots of projects planned, including some special things for the holiday. Some of our exploration activities will include "hunting for dinosaur bones", discovering what different fruits look like in the inside, and learning how to eat finger jello! In addition, the older children may start learning to brush their teeth after meals!

We will be having a Valentine's Day party on Thurs. Feb. 14 for the Little Roos, however if you want to bring Valentine's for the babies "just for fun" that is fine. I'm sure the older kids will want to "deliver" some mail to the babies as well. Feel free to dress your child or baby in red/pink on Thurs. The party will begin just before lunch!

**Once again – a reminder that we do try to get outside whenever possible, so continue to bring outside gear for your children. Thanks!
