

This Month's News

Little Bunnies:

We have lots of events to report this month. First of all, Trevor and Trinity have graduated to the Parrots, they were crawling everywhere! We will sure miss them and know they will love their new environment. We also had a new Bunny start on June 30th. Her name is Madeline and she is doing great. We welcome her and her parents to our Koala-T-Kare family.

As for our other bunnies, Sean and Ben got their first tooth last month. Maggie is rolling all over the place and Beatrice is talking up a storm.

Please remember sun block and hats. We go for walks whenever possible.

Love, Tammy and Jeri

Parrots:

The Parrots have been very busy this past month playing at the park, counting, learning our ABC's, and are doing a great job using our words to get items that we want.

We would like to welcome Ashlynn, Trevor, and Trinity to our classroom. We look forward to watch them grow. Please continue communications with us about any changes in routines, moves or periods of time where parents/caregivers are gone. Changes for children in this age group can be difficult so the more we know, the more we can help them through any adjustments in their lives!

Thanks, Sandy and Linda

Lil' Roo's:

Summer is in full effect with the rambunctious Lil' Roo's. We are having a blast at local parks and our own play area. We are hoping to affix a sprinkler hose outside so start bringing in those swim trunks. We already have a few packages of little swimmers for those still in diapers.

We also have two big birthdays in July. Cruz turns four on the fifth and Ben is finally two on the fourteenth! We look forward to celebrating.

This month we will have the same weekly themes as the school aged kids. The themes will be the Fourth of July, camping, space, fairy tales and scavenger hunts. We will also be going on our first official field trip to nearby Chuck E. Cheese. We will definitely be busy in July.

Love, Laura
