

## This Month's News

### Chickadees:

First of all for those of you unaware, we are the “Chickadees” now so we correspond with all the other groups. We sadly say goodbye to Ben who is soon graduating to the Parrots. We'll miss you Benny Boo, please don't forget us☺. We welcome new faces Magdalena and Oliver in late July and August; welcome to our Koala-T-Kare family. Please be sure to let us know of any questions and/or concerns you may have about your child.

Love, Tammy and Jeri

### Parrots:

The Parrots would like to welcome Ben, Sam, Mari and Mr. Charley to our class. We have been very busy using our large motor skills. Gretta is walking all by herself and Trevor, Ashlynn and Trinity are getting big muscles from pulling themselves up to a standing position. We continue to give the Parrots an atmosphere to develop and explore our world, while in a safe and caring environment.

Thanks, Sandy

### Peacocks:

In July, Natalie, Bella and Saige moved to the new Peacock classroom. We are all getting used to eating at a table and sleeping on nap mats. Our themes for August are beach/ocean, Wild West, food, and the circus. Just so everyone has easy access to me at all times, my work cell number is 287-4161.

Thanks, Linda

### Owls:

First off the Lil' Roo's have officially graduated to a new name of the Owls and to a bigger classroom. We are all adjusting nicely to our new surroundings and are enjoying our busy summer days. Our morning field trips have been going great and I absolutely love taking the boys out and about because they behave so nicely. In August we will continue to keep busy outside. Please continue bringing swimwear, the August days can get really hot and we love to run through the sprinkler.

Love, Laura
