

This Month's News

Baby Chicks: We recently said goodbye to Maggie S. on March 2nd. She is now with the Penguins. We now welcomed Katelyn who started March 4th, Mara on March 16th, and Nathan at the end of March. Miss Tammy will soon return to us as we are growing in numbers! One of our favorite things to do is our stroller rides up to Kids Corner in the early afternoons. Our "chirping" at naptime wakes the rest of the children. ☺ When the weather permits, perhaps we'll be able to go outside!!

Love- Miss Jeri

Penguins: Spring is right around the corner and the Penguins need to get outside. Please bring outdoor wear everyday and remember to call us if you will be running late. We all go out for our walk as a class and cannot leave until all are present. We sadly said goodbye to Ben T. as he has moved over with the rest of the Parrots- old friends reunite☺ Please welcome Gabriel and Magdalena to our class. We are excited to have them with our group!

Love- Ms. Sandy and Ms. Linda

Parrots: We are so happy to announce that Spring will soon be upon us! YEAH! No more colds and flu bugs, hopefully. This means we will definitely be going outside as much as possible so please make sure your child has enough outerwear. Also, we are happy to welcome Ben T. to our group from the Penguins. We hope he is as excited as we are for his arrival. Also, we will be saying goodbye to Nash early next month as he moves up to the Peacocks. Have a Happy St. Patrick's Day!

Love- Ms. Tammy and Mr. Charley

This Month's News

Peacocks: The Peacocks are continuing to become more independent. We are working on getting dressed for the outside by ourselves and also sharing and playing nicely with our friends! We are happy that it is starting to be warm enough every day to go outside and get our "crazies" out! We are also working on learning our daily schedule; as we try to talk about what we do next. They are getting very good at knowing it! We continue to work on potty training also. Please let me know how/ what you do at home and when you think they are starting to be ready! Enjoy the nice weather to come (hopefully)!

Love- Ms. Caren

Owls: In March the Owls will be studying Dr. Seuss, St. Patrick's Day, Letters & Shapes, and Weather. We are looking forward to Spring and the warmer climate. We already saw a few beans sprouting in our sensory table. We can't wait to see the buds on the trees and to watch the grass start growing!

Love- Miss. Laura
